Bioinformatics in Japan

Click on any of the titles to begin reading the article.

1027  A New Direction for the Computational Biology Research Center
1030  The Five Year Project for Genome Research in Japan: Genome Science 2004-2009
1033  A Pioneer with Strong Reliance on Advanced Technology
1036  Overcoming Bioinformatics Challenges with Supercomputing
1040  Proteomics Research at the Institute for Protein Research, Osaka University
1046  A Pioneer of Bioinformatics Services
1048  Bioinformatics at the Institute for Advanced Biosciences, Keio University
1052  DDBJ—Website to Deposit, Retrieve and Analyze Sequences and Annotations of Genes and Genomes
1056  The Japanese Society of Bioinformatics
1058  Database Center for Life Science in Japan
1062  Overview of Bioinformatics Center, Institute for Chemical Research, Kyoto University
1065  Bioinformatics Education at Keio University
1068  A Unique Center for Bioinformatics Research

Conference Calendar

Call for Contribution Asia Pacific Biotech News (APBN) aims to serve as a platform for providing regional biotechnology related news as well as a venue for experts in the field to share their views and generate awareness in the region (minimum article length: 500 words).
